Department of Education
Division of Sultan Kudarat

Programs and Projects

This section identifies all programs and projects implemented by the Office as mandated by law, with their corresponding descriptions.

a. Curriculum Implementation Division (CID)

Education Program Supervisor-Math

I. Introduction

The Department of Education through the Bureau of Learning Delivery-Teaching and Learning Division (BLD-TLD) aimed to strengthen the language and numeracy program of the schools to help the slow and non-readers in their struggles to master the literacy and numeracy. Thus, trainings to the selected language and mathematics teachers were conducted. The session guides and video lessons from the BLTD-TLD were utilized during the said trainings.

Department of Education
Division of Sultan Kudarat

Least Learned Learning Competencies by Level – Quarter 1

Mathematics 6

- 1. solves routine and non-routine problems involving factors, multiples, and divisibility rules for 2,3,4,5,6,8,9,10,11, and 12
- 2. performs a variety of more than two operations on whole numbers applying Parenthesis, Multiplication, Division, Addition, Subtraction (PMDDAS) or Grouping, Multiplication, Division, Addition, Subtraction (GMDAS) correctly

Mathematics 7

- 1. solves routine or non-routine problems involving multiplication without or with addition or subtraction of fractions and mixed fractions using appropriate problem solving strategies and tools
- 2. divides simple fractions and mixed fractions
- 3. solves routine or non-routine problems involving division without or with any of the other operations of fractions and mixed fractions using appropriate problem solving strategies and tools

Mathematics 8

- 1. evaluates the different properties of operations on the set of integers
- 2. expresses rational numbers from fraction form to decimal form and vice versa

Mathematics 9

- 1. solves quadratic equations by (a) extracting square roots, (b) factoring, (c) completing the square, and (d) using the quadratic formula
- 2. solves problems involving quadratic equations and rational algebraic equations

Mathematics 10

- 1. solves problems involving sequences
- 2. solves problems involving polynomials and polynomial equations
